Hi Christina,

Thank you for forwarding a copy of this letter to me. It is always helpful to know what information the defense attorneys are receiving.

Normally I would refer you to the Director of Analytical Chemistry Julianne Nassif, however, she is on vacation this week. In her absence I have been advised to refer you to Donna Levin, General Counsel for the Department of Public Health for further information. She can be reached at 617-624-5200. I am hopeful that she can answer any questions that you may have regarding this matter.

As always please feel free to contact me with any concerns.

Good afternoon Elisabeth,

I hope this message finds you well. We received a copy of the attached letters from a defense attorney who plans to use them in a criminal case in Suffolk county. I'm sure he will also spread the word about the investigation as well. Would it be possible for you to give me some details about the investigation involving Annie Doukham (unsure of spelling) so that we may assess our discovery obligations in the cases she is handling for my office? I would be most appreciative.

I hope you have a great weekend,
Christina
